

Q. Are your Terms of Business Up to Date?

A. If the answer is YES we will give you your money back!

Veitch Penny Solicitors are offering a Terms of Business Makeover for £200 (plus VAT), and if we do not find anything in need of "fixing" we will refund your fee*.

You may think "If it ain't broke, don't fix it".....

.....but what if your Terms of Business "break" just when you need them most?

Good Terms and Conditions of Business are vital for any business no matter what you do.

They are there to protect you and to create binding obligations on others. To make sure you are getting the most from your Terms of Business they should be regularly reviewed to make sure they reflect the current law and how your business trades.

Common situations a good contract could help avoid:

- Disputes with customers, clients and suppliers.
- Delays in payment and your lost time spent sorting out disputes.
- Losing out because your Terms and Conditions did not protect you.

Common causes of disputes include:

- Unclear wording and clauses which contradict each other.
- Failure to take account of new legislation and using out-dated terms which the Courts no longer uphold.
- Not getting everything right at the start.
